**Registrars Report Lou Deturris:** the best way to handle the U5/U6 is looking how it goes this time and take the decision how where to move them. Base on the last meeting everything was open (I pulled everything from test mode)

A: I didn't see that, send me the information cost summary for the program and I will create it unless Bryan took care of it. Everything is update it in the system, travel \$240.00 +, all others have been done.

**Intramural Director's Report Stratis Christodoulou:** Email for registrations was sent, the uniforms need to be orders and the ages backers we need to revisit because the ages U5 and U6 separates because their sizes. I have two parents volunteering, Q: how I can introduce them to coaching or assistant coaches?

Q: I want to down load the previous information to all the parents who paid last year and previous year? BBQ: was very good kids loves it and parents as well, I have 50 trophies left but a few parents still contacting me for some.

**Vice President's Report: Andy Spathis** - Q: how may teams we had last year?

I am not working in nothing right now more than checking on the new turf and learning.

**President:** Mike Walles – I don't have an opening for the U5/U6, I think you should speak to Bryan Alcantara about this concerns.

A: I think is better if you introducing as assistant coaches and they will get interesting if they don't like it we have to look for another parents. No back ground check because they will have the trainer with them so they don't get overwhelm. Send the parents email with what you are expecting from them to do and explain them that the trainer will be with them and have fun and joy the game.

\*Bryan was looking for looking for the summer camp information that will happen at Geese Park but he couldn't find it and it was post it at slack , hopefully he didn't took care of it.
