Current registration: 324 travel, 4 micros, intramurals 87. the next two weeks we are expecting roughly 25-30 additional registrants. We did not mail flyers out for the Fall season. Daniela suggested doing an electronic version with the help of the school PTA's.

Intramural Director's Report: Mike Longo speaking for Andy Spathis

Intramurals began tonight which will run over approximately 9 weeks.

Travel Report: Daniela Manco

Season has begun, all passes have been distributed. Training schedule is in effect. We have 10 kids on the 135 team. Question was asked about lights on the South Oyster Bay field. We are looking for referees for the 135 team games.

Vice President Report: Mike Wallace

Fall permits for OCR and High School have been received, winter permits have been submitted. On 9/24 at 3:00pm the club will be hosting the Knights of Columbus Shootout Challenge.

President's Report: Mike Longo

Field clean up, we need to make sure everything is clean after practices and games. We were recently

missing 4 locks and a key to one of the lights. Lights were used during the summer (July) which should not have happened. Moving forward we may remove the keys to the lights to avoid light use next July. Mike had a discussion on red cards being given to our members (coaches/players/parents). We had 8 player cards last year which is a lot and one coach red card.

Old Business: None

New Business: We hosted the Hicksville High School varsity team for a scrimmage at Kolm. The coaches were very appreciative and would like to expand the relationship with the club as our success directly affects their success.

Booster club may be interested in selling some merchandise at the shed.

We will have a table at homecoming

We need new goals at Walker field and we need the 6.5/18.5 size at Giese. We could then move the recently purchased goals at Giese, which are now not the correct size due to a recent change, to Triangle and use them when teams train in the middle of the field.

Meeting adjourned at 8:15
